## March April May

Are the best months in which to purify your blood. During the winter months the blood becomes thin and impure, the body becomes weak and tired, the appetite may be lost, and just now the system craves the aid of a reliable medicine. Langley's Sarsaparilla is peculiarly adapted to purify and enrich the blood, to create a good appetite and to overcome that tired feeling. It increases in popularity every year.

### Langley's Sarsaparilla

is the ideal spring medicine. It tones the kidneys and liver, tones the digestive organs, creates an appetite, purifies and vitalizes the impure and sluggish blood, cures the headache and overcomes all the prostrating effects of that tired feeling.

### The Spring — Medicine

At the coming of spring the blood should be purified, as impurities which have been accumulating for months, or even years, are liable to manifest themselves and seriously affect the health. Langley's Sarsaparilla is undoubtedly the best blood purifier. It expels every taint of impurity, drives out scrofulous humors and germs of disease and gives to the blood the quality and tone essential to good health.

### Death of Donald Chisholm, M. P.—Protests Against the Tariff.

### Report That Behring Sea Negotiations are Progressing Favorably.

Rome, N. Y., April 5.—The town of Theresa, Jefferson county, was visited by a disastrous conflagration this morning. Reports received up to noon place the number of buildings destroyed at forty. The loss will be heavy, aggregating some $200,000. A large number of the burned buildings are dwelling houses. Assistance is asked for from adjoining towns.

SULLIVAN AND CORBETT.

Boston, April 5.—Jno. L. Sullivan was seen last night with regard to the published report that J. M. Corbett of San Francisco, the heavy weight, is anxious to bring his skill against the champion. "I am more than ready to meet Corbett," said Sullivan, "but only on one condition. If we are to box four rounds I'll contract to put him to sleep in that time. If I succeed I am to get $1000; if I don't he gets the money."

NOT GUILTY BUT INSANE.

San Francisco, April 5.—The trial of Mrs. Xarifa J. Failing, for the murder a few months since of her husband, who had been a conductor on the Oregon and California railroad in Oregon, came to an end here Thursday evening, when the jury rendered a verdict of not guilty on the grounds of insanity.

PHELPS TO BISMARCK.

Washington, April 5.—The State Department has been advised as to the subjects discussed by Prince Bismarck and U. S. Minister Phelps on the day of the former's resignation. The Prince wanted to know, first, what the pan-American congress was about; and, secondly, the purpose of the United States in strengthening its navy. He was told that the objects of the pan-American meeting had been fully set forth in a circular calling it, and that the purpose of the United States in strengthening her navy was to be able to carry out fully any treaty she might make with republics south of her.

AGAINST ANTI-CHINESE BILL.

New York, April 5.—The Board of Managers of the American Bible Society voted to-day to request Senators from this State to use their influence against "legislation which shall exclude from our land any persons who are now by our laws entitled to visit and reside here." The protest is directed against the anti-Chinese bill.

Washington, April 5.—In the Senate to-day, Dawes presented petitions from the Baptist denomination in Massachusetts, protesting against the legislation now pending against Chinese.

BEHRING SEA.

New York, April 5.—A special London telegram to the *Herald* and *Express* says: Negotiations concerning the Behring Sea fishery are progressing most satisfactorily. From all that I can hear, arrangements with which both America and England are likely to be content, will be the result.

AGAINST REPRS'S.

Washington, April 5.—In the Senate to-day, Mitchell presented petitions signed by representatives of commercial bodies on the Pacific coast, stating that petitioners view with alarm any attempt to repeal the Chinese Exclusion Act, and earnestly protest against such action.

**Lots on Burnside Road Only about one-half the distance, as to Cadboro Bay, location just as desirable, and price $275 per lot.**

**The new subdivision of Victoria comprises Lots 7 and 8, 37 and 38 of the Work Estate. Bouchier, Croft & Mallette are the brokers.**

CARRIER PIGEONS.

**A System to be Established Throughout Eastern Canada.**

Kingston, Ont, April 5.—General Cameron, of the Royal Engineers, commandant of the Royal Military College, is organizing a system of messenger pigeon stations throughout Eastern Canada. He proposes that Canadian cruisers utilize the pigeons by having stations along the coast, and thus communicating news, and poachers and fishing vessels might also give notice of their whereabouts without putting into port.

The practical object in view is to supplement the facilities for the rapid transmission of messages afforded by telegraph lines; in peace to act as feeders to those lines, and in war to act as feeders or substitutes. He proposes a chain of twenty stations from Windsor to Halifax.

A YACHTING MYSTERY.

Toronto, April 5.—Yesterday afternoon a large yacht was sighted heading for this point under full sail. An hour later seemed in distress, but before a boat went out from this port could reach her she capsized. No person was found upon her, though all circumstances indicate she had recently been manned. The sails were all set, the centerboard was down and a man's hat was found in the locker. The name "Idler" was painted on her stern. None of the yachtsmen of this city know anything about the yacht or crew, who it is supposed have perished.

AWFUL DESTITUTION.

Winnipeg, April 5.—Letters from Hudson's Bay say: "There has been great distress among Indians near Lesser Slave Lake during the winter. In some cases the redskins killed and ate their own children and dogs, and all kinds of domestic animals were used for food. Many Indians have died.

**Duke of Connaught.**

According to a telegraphic report published in the morning paper, the Duke of Connaught will not land at Victoria on his way to England. The report purports to come from Montreal.

**Easter Decorations.**

Several of the churches of Victoria have been most tastefully decorated for Easter services. It has always been customary to beautify the temples of Christ on the anniversary of His rising from the tomb, and to-morrow will be no exception to the rule.

**Do You Want a Building Site Near the City?**

T. G. Rayner has a few lots on the Fernwood Estate—Call early. They are selling very rapidly and prices will advance as this is the most popular place on the market for investment.

**Coal News.**

Coal at Vancouver has been raised to $9 per ton while in Victoria it remains at the same old price. The Central Coal Yard and the Rock Bay Coal Yard have been merged into one and hereafter will be carried on under the name of the Central Coal Yard. Orders to be left at 90½ Government street.

Children Cry for Pitcher's Castoria

OBITUARY.

**Donald Chisholm, M.P., Dies in New Westminster This Morning.**

(Special to THE TIMES.)

New Westminster, April 5.—Donald Chisholm, M. P., died at 3 o'clock this morning at his residence on Mary street, after a lingering illness. He was in the sixty-eighth year of his age. Death resulted from general debility. The remains will be embalmed and taken to his native home in Antigonish County, Nova Scotia, for interment. The funeral here will take place on Tuesday next.

The deceased was born in Antigonish, N. S., in the year 1822, his parents having emigrated from Inverness shire Scotland, to that part of the Dominion early in the present century. At the age of 27 he left home for the golden fields of California, in which state he remained nine years. He came to British Columbia in 1863 and up to a few years ago was engaged in business in New Westminster, where he acquired a competence. For several years he was president of the New Westminster Board of Trade, and at the general of 1887 was elected by a large majority to represent New Westminster district in the House of Commons. Mr. Chisholm was an enterprising man in every sense of the word and was identified with the canning and many other important industries of the province. Nothing was more conspicuous in his life than his public spiritedness. In business he was the soul of uprightness, in private life warm and generous to friends. Few men will be more deservedly missed and mourned than he will.

THE CAPITAL.

**Elite of St. John on Confederation—Unjust Tariff Changes.**

Ottawa, April 5.—In tariff debate in parliament last Thursday night, Mr. Ellis, member from St. John, N. B., said "That owing to the increased burdens the government was placing on the people of the maritime provinces, he did not think it worth while for New Brunswick to remain in the confederation."

Hon. Peter Mitchell has received a telegram signed by all the lumber merchants in his county, Northumberland, New Brunswick, both Liberals and Conservatives, condemning the additional taxation upon flour, beef, pork, hardware and clothing. In addition dispatches from British Columbia stated that the newspapers of that province, regardless of political bias, condemn the tariff increases as unjust and oppressive.

A meeting of all the lumbermen of the Ottawa Valley is called for Tuesday next here, to wait on the government to protest against increased duty on pork.

Christie, a lawyer, in the field for the Dominion election here, says he will not retire even if the convention decides in favor of Mackintosh.

**$275 buys a lot 400 yards from the street cars. on Burnside Road. Terms, 1-3 cash; balance, 6 months. Bourchier, Croft & Mallette are the brokers**

ANOTHER STEAMER

**Purchased for British Columbia Waters—Soon to Arrive.**

The steamer Cutch, purchased for the Union S. S. Co. of Vancouver, is expected here about the middle of this month from Bombay, under command of Captain Scott, and will be put into the coast trade upon her arrival.

The Cutch is an iron screw steamer, single decked, 571 tons gross, of which 285 are under deck. She is 180 feet in length, 22 feet 2 inches beam, and 11 feet 7 inches depth; her engines are compound, 98 horse power, two cylinders, 25 and 48 inches diameter by 30 inches stroke. She was built by Bremner & Co. in Hull, Eng., in 1884, and was owned, previous to her latest purchase, by Messrs. Hajeebhoy, Abdoolabhoy, Joomabhoy and Lalloo, of Bombay. She will be a good addition to the fleet of coast steamers now running, and will probably have plenty of work in the fast increasing trade of the coast.

DOG KILLING.

**The Why Nongatl's Breaks the Law Almost Openly.**

This morning a reporter of THE TIMES detected a particularly vile smell which wafted itself up from the Johnson street ravine, back of the lower part of Cormorant street. The smell was indicative of decaying flesh, and an investigation was made. After a scramble down into the ravine, over a lot of rubbish, a heap of bones, some of them partly covered with decomposed flesh, were found. It was from this heap the smell came.

Down near the heap a sickly stream of sewer-tinted water slowly crawled. This water was slightly tinged with blood. Nearer to an outhouse the blood was more distinct. A tragedy had evidently taken place. The outhouse was opened, and there was found all the paraphernalia of a slaughter house. The scalding tub, the heating furnace, the tin kettle to hold the carcasses; the inclined floor and drain to catch the blood; scrapers; racks for the knives, and cleavers. All were there, and evidence of a recent killing was plain. The water in the heating tub was still hot, and fire still smouldered in the furnace; the floor bore signs of a recent washing, while in the drain clots of fresh blood could be seen. On a hook hung the head of a hog, still warm. Not a Chinaman, however, could be seen. The reporter then entered the back door of No. 27 Cormorant street, and passed through the building. The front shop is a provision store. On a block were parts of a freshly killed porker, evidently what was left of the victim recently dispatched.

Addressing the bland Chinese who appeared to be in charge, the reporter asked why hogs were killed in the city when it was known to be against the law.

"No killee pig," answered the grinning Mongolian. "Makee killee pig Saanich, no killum here."

But it is evident the pig was killed here, and evidence of the fact sufficiently strong to convict could be seen. Steps ought to be taken to stop this violation of the Health By-Law.

**A Trip to Manitoba.**

Last year I went to Manitoba on the C.P.R. At Rat Portage I got sick, and at Winnipeg I was so weak I had to be assisted off the train. I got a bottle of Burdock Blood Bitters, and after the first dose felt better. When I got to Balaclava I was as well as ever. The Bitters cure the bad effects of the surface water of the prairies. Donald Manzo, Balaclava, Ont. *

**Never Here Before.**

Some of the most unique designs in spring cloths, for gentlemen's wear. New line of spring suitings, displayed for first time in Victoria by Campbell & Simpkins, the fashionable Government street Tailors. *

**Closing Out Sale.**

Mrs. Jas. Russell will sell at cost her entire stock of fancy goods, comprising pen jems, Briggs' stamping patterns, embroideries, laces, etc. Business for sale. 125 Fort street. *

## THE MYSTIC PASSION.

### Sarah Bernhardt Essays the Role of the Virgin Mary—Exciting Scenes.

### Ellen Terry Approves of the Poem and Sacred Representations.

Paris, April 5.—"La Passion Mystic," a poem in six parts, by Edward Haraucourt, was read at La Cirque D'Hiver last night by Sarah Bernhardt, Phillippe Garnier and M. Bremont. The enormous auditorium was crowded and about 4000 persons must have been present. The poem is a sort of mystic representation of *Ecce Homo*. Bernhardt read the lines, exhorting Christ to fly and save himself from torture and crucifixion, with an impassioned yet subdued force that caused profound emotion. Shouts of "bravo, bravo," burst forth when M. Garnier read the lines of Christ as he drove the money changers out of the temple. Some youngsters in the gallery made a scandalous demonstration in favor of the principles adduced by the publicans, and two or three butcher boys yelled, "hurrah for the publicans. They are better than our book makers at Longchamps." As M. Garnier pronounced the words of the Savior, calling little children to him and exhorting to charity and repentance, two or three voices shouted, "enough of Christ, enough of Christ." The audience rose to their feet with excitement and cheered and applauded the actors. The men in the fashionable portion of the house shook their fists at the butcher boys and men who had interrupted and demanded that the police should put them out of the house. The excitement was tremendous. Bernhardt trembled with emotion and wept. There was perfect pandemonium; nothing could be heard until M. Haraucourt, the author, bounded down to the platform where the actors were seated and shook them all warmly by the hand, and facing the tempestuous audience shouted with stentorian voice, "The actors will pause a few moments to enable those persons who are discontented to retire." M. Haraucourt was cheered loudly with shouts of "bravo." Then, by aid of the police, some thirty or forty discontented left the theatre. This agitating scene had now lasted half an hour; Bernhardt and her fellow actors were pale and nervous, but the audience, with the stormy crowd eliminated, shouted "encore continuez." The reading then commenced again and was deservedly applauded, and as it ended the applause was long and loud and M. Haraucourt was called out and bowed his acknowledgment. The newspaper correspondent met Bernhart in the lobby as she was leaving the theatre. She was rather nervous, but is more eager than ever to interpret "La Passion" with all the necessary costumes and requisite scenery.

Miss Ellen Terry, who has been staying in Paris about a week, was interviewed to-day. Among the questions was, what do you think of Bernhardt and the Virgin Mary? "I think Sara Bernhardt is the greatest actress living, and I don't know anything about the Virgin Mary. There, will that do?" with a pleasant little laugh. "But about Sara Bernhardt's idea of impersonating the Virgin in theatrical representation, I do believe that such sacred subjects should be put upon the stage. I believe in putting anything upon the stage," was the emphatic reply. "You can't imagine," one continued, "how disappointed I am not to be able to stay to see Sara in the New Creation to-night. Unfortunately I have an important engagement for to-morrow in London. So I must leave Paris to-day."

SPLENDID WAR SERVICE.

Berlin, April 5.—Edward Daum of the United States army, is making a sensation here by an exhibition of a monster balloon for war purposes. The balloon is called "The Bismarck." It is lighted by electricity and capable of signalling at a tremendous distance. The machine will, it is said, be adopted in the German army.

HYPNOTIC EXPERIMENTS.

London, April 5.—Sixty eminent physicians and dental surgeons conducted some very remarkable phynotic experiments in Berlin, in the case of a girl, whose tonsels were removed by an absolutely painless operation during a state of coma. The patient obeyed the slightest suggestions of the hypnotizer. Another patient was hypnotized by a letter, in absence of the operator, written to a surgeon named Turner and worded thus: "Go to sleep by order of Dr. Bramwell and obey Turner's commands." Dr Bramwell also hypnotized another patient by a note sent by the hands of his daughter, and still another by a message sent by telegraph. These statements are vouched for by the London *Lancet*.

THE POPE'S DECREE.

Rome, April 5.—The Pope has finally decided what shall be the position of the Vatican respecting the Brazilian republic. Nuncio Spolverini has been instructed to order the bishops and clergy of Brazil to recognize the republic on condition that the rights of the Catholic church are respected.

DOM PEDRO SINKING.

Cannes, April 5.—Dom Pedro was in a critical condition yesterday. He was conscious for part of the day. In the afternoon the sacrament was administered to him. Dr. Charcott, who was summoned from Paris to attend the sufferer, says that while the patient is extremely weak he is in no immediate danger.

SIR BAKER'S OPINION.

London, April 5.—Sir Samuel White Baker, the English explorer, has just published a pamphlet which indicts the recent policy of the government touching African affairs, which he says has resulted in the loss of all position which had been gained through enterprise of individuals. Commenting on Emin Pasha's recent course, he says it is only natural that Emin should join the German government expedition, which he predicts will not imitate the fatal example of England by advancing only to retreat. The writer then shows how the Germans will soon regain the equatorial provinces, and how they will eventually secure control of the White Nile at Gonokoro; while Italy will become master of the situation by the possession of Berber and Kassala. Then, he says, Khartoum will surely fall.

**The sale of the very cheap property in the Work Estate has begun. Come early to secure a well located building lot for $275.**

**A Sailor's Ride.**

A lively race took place on Johnson street about ten o'clock yesterday morning. The chased one was a sailor belonging to the bark Glenberrie, which was on the point of departure for Portland, Oregon, and who for some reason or other, attempted to desert. He was seen getting ashore by the first mate, who immediately gave chase, with such speed as to capture the runaway before three hundred yards had been covered. The sailor quietly submitted to capture, and went back to the ship with the mate in the last of humor.

SPORTS AND PASTIMES.

**A Resume of Events in the Sporting Arena.**

NEW WESTMINSTER RIFLES.

The New Westminster Rifle Association held its annual meeting on Wednesday evening, with W. Wolfenden in the chair. The election of officers resulted as follows: President, His Honor Judge Bole; Vice-Presidents, Mayor Brown, Capt. Scoullar and Capt. Townley; Secretary-Treasurer, Mr. J. A. McMillin; Council, Lieut Cotton, Lieut. Port and Messrs. W. Wolfenden, S Fletcher, Wm. McCall, Geo. Turnbull, W. H. Keary and Mr. J. S. G. Fraser.

BASEBALL AT KAMLOOPS.

The Lyndale Baseball Club, of Kamloops, says the *World*, has organized for the summer and will put a strong team in the field, and Mr. James Wright will manage the club this season with Mr. H. Smith as secretary-treasurer. Mr. F. W. Marsh returned by the Premier last evening from the Sound where he arranged matches with Seattle, Port Townsend, Tacoma and Portland. The Lyndales will take two trips down the Sound this summer, playing in Vancouver or Victoria on May 24, whence they will proceed to the American side, and again about July 1st, playing in Port Townsend on Independence Day. The club is also making arrangements for a grand baseball tournament to be held in Kamloops during the Island Exhibition in August. They have issued a challenge to the baseball clubs of Victoria, Vancouver and New Westminster for a match to be played on May 24.

WHEELING.

The disagreeable weather on Thursday night was against a full attendance at the Island Wanderers' Club meeting. A full meeting will be held next Thursday, when the question of a club uniform, and a big parade the Queen's birthday will be discussed. All interested in cycling are invited to attend at the offices of the Hamilton Powder Co. at the time.

A party of wheelmen went out to Goldstream yesterday. A pleasant run was had, although the roads are far from perfect yet.

FOOTBALL (RUGBY).

Nanaimo being unable to take part in the Island-Mainland match to be played on Monday, the following team has been selected to play:—C. Roberts, full back; W. A. Ward, W. Fisher, H. B. Rogers, three-quarters; W. Langley, H. J. Martin, half backs; L. Crease, H. C. Bursfall, E. C. Billinghurst, W. Kennedy, W. H. Langley, W. Allison, G. Wilson, J. Musgrave, E. Miller, forwards; reserves, M. Tyller, — Bangiorre.

BASEBALL.

Upwards of one thousand people watched the first game of baseball of the season yesterday at Beacon Hill. The match was gotten up in a hurry, more to have a game than any thing else. The sturdy Albion Iron Works team did well under the circumstances, considering that their opponents, the James Bays, are one of the crack local clubs. There was the usual mauling, indicrous plays, and some really good plays, which everybody enjoyed. The score was, James Bay, 21; Albion Iron Works 5.

NOTES.

A boxing exhibition will be given in Prof. Foster's rooms this evening and also on Easter Monday evening; setto between men of H. M. S. Amphion and some of the local boxers.

Three of the wheelmen took a run out to Goldstream yesterday.

**Just the chance for workingmen who wish to build. Very cheap lots convenient to centre of city on Burnside Road. Bourchier, Croft & Mallette.**

**Extension of Time.**

The time for receiving tenders for the building of the new Roman Catholic church has been extended to the 19th of April.

FIRE ALARM.

**Localities and Numbers of the New Gamewell Boxes.**

The boxes for the Gamewell Fire Alarm are all in position, and but a little work remains to be done, and by the end of next week all will be in readiness for business. The numbers and localities of the boxes are as follows:

| Number of Box. | Localities. |
|---|---|
| 5 | Cor Montreal and Simpson sts |
| 6 | Cor Blanchard and Pandora |
| 7 | Cor John and David |

PERSONAL.

**Items Telling of the Movements of Well Known Persons.**

Morris Moss has gone up to the interior on business matters.

R. L. T. Galbraith returned to the Kootenay district on Thursday.

Officer J. D. Campbell, of Esquimalt, is confined to his home with illness.

J. A. Cattlew has recovered from his recent illness sufficient to be out again.

Dr. Duncan, who has been visiting Mr. Fred. Robson (K. nights), returned last evening.

John S. Barker came over from Port Angeles yesterday and went up to Vancouver this morning.

Mrs. Joseph Hunter returned from Kamloops where she had been visiting her brother who is ill, last night.

F. C. Roberts, clerk at the American consulate, who has been ill for the past two weeks, is again able to be about.

Messrs. A. Scoular and Charles Nelson of Vancouver, are at the Driard. They are acting in the interest of several large capitalists who are holding Port Angeles property.

Why workingmen should buy a lot in the new subdivision on Burnside Road. 1st They are cheap—$275. 2nd They are easy of access—400 yards from tramway. 3rd. Location very desirable—high ground and healthy. 4th. Terms are easy—1-3 down, balance 6 months. 5th. The number of these lots is limited—everybody can't get one.

## GOVERNMENT GUARANTEES OF PRIVATE SPECULATIONS.

The Truth thinks it unnecessary to deny that it is in favor of government aid to wild cat schemes. Possibly our contemporary is right in its assumption that one swallow does not make a summer, although there are few who will undertake to prove that the twittering "harbinger of spring" is not a moderately accurate sign of the season soon to follow. Given other opportunities, it would not be unfair to infer that the Truth's support would be consistently extended to "provincial guarantees of private enterprises," for has that journal not laid down the doctrine—from which it cannot in the future consistently depart—that the public revenues may properly be pledged to ensure the financial success of a purely local and speculative enterprise. If the government may guarantee the bonds of a street railway company—an enterprise which is of benefit only to the stockholders and to the locality where it is established—there can be no valid objection against the government becoming liable, through the common practice of endorsing, for the promissory notes of gas companies, or electric light companies, or waterworks companies, or any general manufacturing company that may come to it for assistance. What is the legal difference between guaranteeing interest on bonds and endorsing a note? The effect in either case is to make a piece of paper negotiable—to give it a value it otherwise would not possess. What is the difference between a street railway in Victoria or Westminster and a large manufacturing concern in either of those cities, viewed from a standpoint of a resident of Nanaimo or Kootenay? Are they not as much alike in their primary objects and practical results as in the system of log-rolling and scheming by which they had been fostered and encouraged?

If Truth approves of the one, it must, a priori, sanction the other. It cannot draw the line at a street railway, and say: "Oh! this is a great enterprise—one of general public utility—and will benefit the entire commonwealth," because desirable as street railways undoubtedly are as auxiliaries to a city's growth or a community's happiness and comfort, they are essentially local in their benefits and are established for the sole purpose of augmenting private fortunes.

The legislature has authorized a government guarantee of the S. & O. Railway Co., and in so doing acted in the interest of the province as a whole. There is a vast difference between a projected railway through an unsettled and undeveloped section of the province and a tramcar service in a populous city. The first is promoted by government for the purpose of developing the country, with a view to its general advancement and enrichment; the latter is the direct sequel to prosperity, the supplying of a demand for quick and cheap transportation in a well-settled and well-developed district. The railway is necessary for development; the street railway is a development through necessity. The one is primarily designed to enrich the country; the other to enrich the shareholders. The railway is the cause, the tramcar the effect, of prosperity.

Truth asserts that the TIMES opposes "guarantee roads" because we want to "attack" the government. The TIMES was not before aware that this was a government question, or that it was a part of the policy of the ROSSER quintette that any portion of the public revenues should be employed to give a value, real or fictitious, to an enterprise which is unquestionably local and personal. If the government surrenders to the lobbyists it will certainly have our opposition, but in the meantime would it not be more in accordance with Truth were our contemporary to give us credit for disinterestedness of purpose and a desire for the general welfare?

We concede that the Victoria Company is deserving of the support of the community. Its system of electric cars, which, guarantee or no guarantee, must soon be further extended within as well as without the city, has been a great benefit to the citizens. The advantages, however, are not all on one side. The Company is reaping a rich reward, and as a commercial venture success is more than assured. With management which will keep steadily in view an "economical administration not inimical to the public service"—the stockholders will receive regular and constantly increasing dividends, and the occasion for borrowing the financial credit of the province will never arise. We have not assumed that the object of the companies concerned, or their accredited parliamentary agents, is to enhance the value of their stock by means other than the legitimate and successful prosecution of their business. For that purpose it must be apparent to Truth that a government "guarantee" is not required, however convenient it might be to the speculator in stocks as distinguished from the investor for revenue only, the latter of whom will as readily put his money into "unguaranteed" enterprises which have an assured future as into "guaranteed" schemes the fate of which is uncertain. It is to be hoped the Legislature will not commit the grave error of sanctioning a guarantee which the Truth and the World so heavily advocate. The people of British Columbia want no filibustering raids on a depleted treasury. The opposition do not want to see the offices of a corrupt government besieged with professional lobbyists, who have axes to grind and "schemes" to float at the expense of the country. We all want to see a government with a policy—one that cannot be influenced to do a wrong by the selfish importunities of "friends" from whom much is expected at a general election. And if responsible government is to remain the boast of Canadians—if the purity, and honor, and regard for "justice to all" is not to be for ever lost, and the infamously degrading system of wholesale bribery, as inaugurated by the men now in power, is ever to be abandoned—the electorate must determine that the ministers who are now contemplating the acceptance of a quid pro quo for an abuse of power shall be relegated to positions where the misappropriation of funds is adjudged robbery and punished accordingly.

## SCENE IN NEWFOUNDLAND LEGISLATURE.

They have had a "scene" in the legislature of Newfoundland, which culminated in the suspension and expulsion of a member—the leader of the opposition—for twenty-four hours. Immediately after the reading of the governor's speech, Mr. MORINE rose to a point of order, and alleged that certain rules for the guidance of the House had not been complied with, and that no debate could be entered upon till the members had taken the oath of allegiance in the manner prescribed by these rules. The Speaker decided that as the rules did not appear in the printed copy of the Journal they were not binding on the House and should be ignored. Mr. MORINE contended that as the rules had been confirmed by the statute the mere fact of their being printed in the appendix and not in the Journal could not invalidate them. Mr. MORINE's motion was lost on a division. Mr. MORRISON, Mr. MORINE's colleague, not having taken the oath of allegiance on the 6th, was ordered by the Speaker to withdraw. He declared himself willing to take the oath in the way prescribed by the rules, but the Speaker refused to permit this. An altercation arose between Mr. MORINE and the Speaker on his decision, and Mr. MORINE was ordered to "sit down." He refused, contending that he had a right to reply to the Speaker. The latter then ordered the sergeant-at-arms to remove the honorable member. The sergeant proving unequal to the task the Speaker called for the police, and on their appearance Mr. MORINE calmly walked out with them. On returning, after a short time, the Speaker refused to allow Mr. MORINE to take his seat, and sentenced him to stay out of the House for twenty-four hours.

The opposition contend that the Speaker exceeded his powers by expelling a member, on his own motion, without any vote of the House, and further in sentencing him on his return to twenty-four hours expulsion without his having been guilty of a second offence. They also contend that in ignoring the rules, which were sanctioned by an act passed last session, the Speaker, sustained by the government party, has acted illegally. They have submitted the matter to the decision of the Supreme court. As may be supposed, the scene in the House was of a very exciting character, and has called forth lively comments outside. The whole incident goes to show that an arbitrary Speaker can easily make himself ridiculous.

## EDITORIAL NOTES.

The new extradition treaty between Great Britain and the United States has now been ratified and published. It came into force on April 4th.

The New York grand jury has pronounced the sheriff's office a disgrace to the city and a shame to civilization. This should set the citizens thinking. They elected the sheriff.

Thunderstorms are more frequent in Java than in any other part of the globe. On an average they occur in the island on 97 days in the year. In England the average marks thunderstorms on about seven days in the year—only half the number recorded in France. In Victoria we are favored with one every half dozen years.

The Kaiser's speech at the Berlin banquet in honor of the Prince of Wales has exasperated the French. They did not fail to notice the significant remarks coupling the British navy with the German army in the preservation of peace. This is interpreted as meaning there is some understanding between the two countries regarding the future of Europe. It takes very little somehow to exasperate the French. It is said that the Emperor WILLIAM will attempt to conciliate the French by proposing the neutrality of Alsace and Lorraine. The French, doubtless, will resent this as a species of patronage, and while compelled to remain outwardly calm, will inwardly rage hotter than ever.

That government management of crown lands, timber limits, mining lands and Indian reserves has been very bad and fatal to the integrity and independence of members of parliament seems certain from many other cases beside that of Mr. RYKERT. Mr. ROBILLARD, one of the Ottawa members, was accused of benefitting largely by the sale of timber on the Whitefish Lake Indian Reserve. He denied having made anything out of it or knowing anything about it. It is now stated that the facts are that M. ROBILLARD paid one hundred and sixty-eight dollars for a half share of the timber, and sold his interest for fifteen thousand, and the whole limit was then sold to a fourth party for fifty-five thousand dollars.

## "DIRTY POLITICS" AGAIN.

To the Editor of the Times:

SIR—Since the report of the Parnell commission was presented to the Salisbury government a good deal of speculation has been indulged in as to the effect the statement put forth would have upon the country. At the time of the appointment (evidently to all the London Times) Lord Randolph Churchill and others, for profit and otherwise, made an effort to change the place of the Salisbury-Balfour party scarcely worthy of the name of government. It was feared the course pursued would lower the judicial character of England. The exertions made by Salisbury & Co. to secure endorsement for their selected commissioners finding argues the spirit of the Premier and his followers, and go to prove that politics hold the place of convictions, conviction, and faithful discharge of duty, according to the oath of office. Personal friendship and interest too often become subservient to judicial obligations.

We have observed a number of American papers are severe upon what is termed "dirty politics," or "subservient majority," etc. Our neighbors should turn to a similar page in the history of the Republic, viz: "The famous Electoral Commission is well remembered. It was organized with the view of determining which of two candidates was duly elected President, in 1876. The members of the Commission were chosen from the Senate, the House of Representatives, and the Supreme Court of the United States—the most grave and exalted deliberative bodies in the country. Seven members of the Commission belonging to one political party, and eight members to another, each member invariably voting for his party candidate." The question has been asked, "Was this the result of accident, or of honest conviction, or political bias?" We fear "dirty politics" too often rule both at London and Washington. No wonder Imperial Federation is unpopular in the Dominion; the recent treatment of Behring's Sea affairs and the interests of Newfoundland do not appear to meet marked attention from the "Home Government," unless it be to gain casual advantages for the "Mother Country." Confederation is quite near enough to the "brutal majority" that rule in England at present. If Sir Charles Tupper, backed by our Dominion government, is unable to secure protection for this country a few politicians, more or less, would have slight influence. The manner in which British representatives are treated in the British House of Commons ought to be taken as a lesson. OBSERVER.

Yale District, B.C., March 28th, 1890.

One dollar will buy a box of dozen bars of Pendray's White Castile Soap.

**Children Cry for Pitcher's Castoria.**

*Josephine Jettings.*

It is a privilege to recommend Hagyard's Yellow Oil. It is a sure cure for chapped hands, swellings, sore throat, croup, etc. Mrs. Geo. Ward. Josephine P.O., Ont.

To cure croup, give 10 to 30 drops of Yellow Oil on sugar internally, and rub the throat and chest with the oil. It never fails.

*Arrived*

Bass XXXX Ale (Lamb's Wool) at the Occidental Hotel bar.

## THE UNEASY POWERS.

### Governed Much Curious About American Diplomacy.

San Francisco, April 4.—A Washington special says the visit to the capital of Whitelaw Reid, Minister to France, has been a matter of more consequence than such visits usually are.

Mr. Reid has business here connected with domestic politics, and incidentally he will discuss in person with the secretary of state the foreign situation.

Mr. Reid believes that a European war is impending and that all great powers desire the friendship of the United States. He gives as a reason for this very unusual degree of intimacy which existed between the Bismarcks, father and son, and our minister at Berlin. There was a distinct sensation in diplomatic circles over the arrival of Mr. Phelps and Bismarck's attention to the American minister.

"Over there," said Mr. Reid, "every event of this sort means something. A smile, a nod or a bow has its current value in diplomat exchange. Then Count Bismarck was Mr. Phelps' sponsor for membership at the Foreign Club, the most aristocratic club in Berlin.

"Phelps and Bismarck were constantly seen together and when the premier took his final leave of diplomatic life, of all the representatives of great powers, none were invited to be near him but Mr. Phelps.

"Europeans have been puzzled to account for these things. This cordial fraternizing between a republican and imperialists is owing to two causes. The first is that Mr. Phelps, after he had finished his education in America, went to school in Germany to acquire the language.

Count Bismarck was a pupil at this school and there was an acquaintance begun which has resulted so favorably to this country. It has enabled our minister to get at the real head of the German government whenever he chose—a thing that never existed before. Mr. Phelps will be able to do much towards the removal of the restrictions upon American commerce, and he will probably be able to have the order prohibiting the importation of American meats and lard rescinded.

There is a good deal of interest manifested as to what possible topic Mr. Phelps and Prince Bismarck were discussing for two hours when the latter resigned. The state department has been pretty fully advised as to the subjects in question. The Prince was to know first what this Pan-American business was about, and secondly the purpose of the United States in strengthening her navy so enormously. He was told that the objects of the Pan-American meeting had been fully set forth in the circular calling it together, and that the purpose of the United States in strengthening her navy was to carry out fully any treaty she might make with the republics south of her.

## EMIN'S INGRATITUDE

### Sir Francis DeWinton Accuses the Pasha of Baseness.

London, April 4.—Francis DeWinton, who was connected with the Emin Pasha relief committee, is bitterly indignant with Emin for entering the German service, and declares that he has in his possession letters from Emin, written while he was in the interior of Africa, in which Emin begs to be rescued. Sir Francis regards him as absolutely devoid of gratitude and generosity.

The *Times* correspondent at Cairo says the interview with Stanley, said: "Emin had both English and German officers and he cannot be blamed if he thought German officers preferable. Things have gone unfortunately awry since Emin returned. It is likely that matters were misrepresented during his illness. If he wins over the Arabs, he will add to his reputation and not hurt English interests. Still the Germans cannot be too cautious in their natural desire to secure trade routes. I have heard of no action either by Germans or by Emin that would chill my sympathy with them. Emin's proclamation reveals a soreness and was unnecessary."

## GOD IN THE CONSTITUTION

### A Political Party Formed to Make Religion Law.

Washington City, Ap il 3.—A reform conference organization has been formed for the purpose of bringing religion into the settlement of political and state affairs. To-day was adopted a platform declaring in favor of employing the teachings of the Bible in the settlement of public affairs and the insertion of the Supreme Being in the constitution.

The platform also approved the Blair Sunday rest bill and all measures against gambling, pool selling and liquor traffic.

The committee reported that a call had been made upon the president, who received them kindly. The president, they reported, said for a good reason he did not wish to be compelled to make a response to their address setting forth the objects of the association, and added that its objects were so complicated that he would require time for their consideration.

## TO TALK TEMPERANCE.

### A Woman's Christian Temperance Union Speaker Coming.

Cleveland, O., April 5.—President Phinney, of the non-partisan Woman's Christian Temperance Union, has issued notice that Miss Mary Lathrop of Denver, Colo., the national organizer, will traverse the Pacific coast in the interests of the society, commencing early in May.

Party questions will have no place in Miss Lathrop's addresses. Officers of the union bespeak for this lady a warm welcome from ministers and temperance women and beg their hearty co-operation. Persons on the Pacific coast desiring to secure the services of Miss Lathrop in temperance work may address her at 1420 Champa street, Denver, Colo., or the general secretary, Miss Doty, Cleveland.

### Man.

Professor Huxley asserts that the proper weight of man is 154 pounds, made up as follows: Muscle and their appurtenances, 64 pounds; skeleton, 24 pounds; skin, 10½ pounds; fat, 28 pounds; brain, 3 pounds; abdominal viscera, 11 pounds; blood which would drain from the body, 7 pounds. The heart of such a man should beat 75 times in a minute, and he should breathe 15 times in a minute. In 24 hours he should vitiate 1750 cubic feet of pure air to the extent of one per cent.—a man, therefore, of the weight mentioned, should have 800 feet of well-ventilated space. He could throw off through the skin 18 ounces of water, 300 grains of solid matter, and 400 grains of carbonic acid every 24 hours, and his total loss during that period should be six pounds of water and about 2 pounds of other matter.

It was at a civic banquet in a Scotch city. The spread was a most luxurious one. In the graphic words of the local newspaper reporter, "the table groaned under its delicious burden." During the repast one of the waiters who was serving the wine approached one of the latest accessions to the Town Council, and inquired, "Sauterne, sir?" "Saut herrin', did ye say?" remarked the newly fledged councillor. "No, no, mun o' yer saut herrin' for me; I've nae need for them. Guid be thankit, I've gud enough o' ma ain."

Cumso.—"Doctor, you physicians have a great advantage over us laymen these scorchin winter days."

Doctor Ipecac.—"How so?"

Cumso.—"You can go staying just as usual."

"Do you like your new mamma, Charlie?" was asked of a precocious youngster of six.

"No," he said, briefly; "I do not care for ladies' society."

Children Cry for Pitcher's Castoria.

## PEOPLE WE READ ABOUT.

Dr. Brown-Sequard, of youth elixir fame, is in Paris, and believes that his bobby will yet be metamorphosed into a real horse.

Ferdinand de Lesseps, who is eighty-five years old, has eleven children, two by his first and nine by his last marriage. His oldest child is sixty-seven and his youngest four years old.

Edward Bellamy is to be editor in chief of the *Nationalist*. The announcement is expected to give great impetus to "the cause" of Nationalism, as Bellamy is an old and capable newspaper editor.

Queen Victoria maintains four physicians in ordinary, and each of them receives a salary of £200 a year; but in reality Her Majesty never sees any of them except Sir William Jenner and Dr. Reid, her resident medical attendant.

Sir Edwin Arnold, like most Englishmen of conservative proclivities, thinks that we should be better off if we had in this country a better supply of class distinctions. He thinks that these distinctions supply to Englishmen respect for authority.

Aunt Matilda Ruley has just died, at the age of one hundred and twenty-three years, in Haywick, Kentucky; her mother, Charlotte Shuck, one hundred and thirty-five years old, having passed away five years old. A family Bible is said to be the unquestioned authority for both women's ages.

William E. Gladstone feels responsible for the British postal-card, for he introduced it; consequently he uses one whenever the opportunity occurs. The other day he sent one to a charitable festival, expressing his regrets that he could not be present, and it was immediately put up for auction and sold for $80.

Herr Bebel, the famous leader of the socialist party in the reichstag, and the author of "Women in the Past, the Present and the Future," is a man of about fifty, of medium height, with a short, dark beard, auburn hair, and a delicate, rather prepossessing appearance. When he is not engaged in fighting the cause of the socialists he follows his trade as a wood turner.

The Czar is said by an old comrade to be an illiterate man, writing a school-boy hand, and strewing his manuscript with mistakes in spelling and grammar. He prefers to reside at the chateau of Gatschina chiefly because the hour's distance of that splendid palace from St. Petersburg gives him a sense of comparative security from assassination. The few and simple precautions which it is thought necessary to take in this calm retreat are these: The whole domain, including palace, gardens, park, and forest, is surrounded by a high wall, which is again guarded by an entrenched camp. The hundreds of sentries on the wall, many miles in extent, are changed every hour. Every road and foot-path is patrolled incessantly, and no one is allowed to leave or enter the railway station or approach the chateau without a pass. Last of all, the secret police search every corner of the palace at least twice a day. After this free and easy existence of happy confidence in his subjects, it is not to be wondered at that the Emperor dreads the disloyal precincts of the Hermitage or the Winter Palace.

Ask your grocer for a box of Pendray's Electric Soap, twenty bars for one dollar.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

ILLUMINATE

The Electric Light is, without doubt, destined to be

The Light of the Immediate Future.

It has proven itself more safe, convenient, cleanly and healthful than any other illuminants.

No ignition from match stumps. No oils to explode.

No gas-pipes to blow up. No soiling of goods. No sulphur fumes.

No vitiation of the air of offices or homes. It is strongly suggestive of renovated sunlight.

The secret of success in Electric Lighting centres in the coal pile.

A dollar saved in fuel, is a dollar earned in dividends.

THE BALL ELECTRIC LIGHT AND MANUFACTURING CO.

of Toronto claim for their systems the ability to produce more light per horsepower of energy expended, than can be produced by any other system known. They manufacture their machinery in entirely other shops, while they are able to sell it at fifty one-third less. They supply "arc" and "incandescent" separates, or both combined, in any size and quantity.

Long distance Incandescent Lighting a specialty. Isolated plants for factories, mills, and machine shops, furnished and set up.

Their 1000-candle power arc lamps a great success.

Prices and all information on application to their general western representative.

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the viscum or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and $1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have never used Allen's Lung Balsam the 25-cent bottle to test it.

Allen's Lung Balsam

City Clerk's office,
March 6th, 1890. mar7

## BY-LAW.

A By-Law for the regulation of Johnson Street Sewer.

WHEREAS IT HAS BEEN FOUND NECESSARY to make provisions for regulating the sewer known as the Johnson Street Sewer;

Be it therefore enacted by the Mayor and Council of the Corporation of the City of Victoria:—

1. From and after the passing of this By-Law the grounds, yards, vacant lots and other properties abutting on Johnson street between the harbor and Quadra street or on any streets which are drained by Johnson street sewer by lateral drains to same, and the bath tubs, sinks and basins in or belonging to the said grounds, yards, vacant lots or other properties shall be drained into said sewer.

2. It shall not be lawful for any person or persons to make or construct any drain or sewer to connect with the water way known as Johnson Street Ravine, and all private sewers now connecting with the said ravine shall be within thirty days (30) after the passage of this By-Law filled up and obstructed.

3. All private sewers or drains so to be constructed to communicate and connect with said Johnson street sewer or said lateral drains and at such parts thereof as the City Engineer and the Drainage Committee of the said city shall from time to time direct and appoint.

4. No person or persons shall be allowed to make or construct any drain or sewer in or through the said part of Johnson street or any part of any streets that are drained to Johnson street sewer by lateral drains unless such person or persons shall have previously obtained a permission in writing signed by the City Engineer to make or construct same.

No person shall commit any damage or injury to said Johnson street Sewer or the lateral drains.

5. No person or corporation shall connect any open cesspool, privy, vault or cistern with said sewer or lateral drains.

7. No rain water conductors shall be connected with said sewer or lateral drains, except for the purpose of flushing same, in which case a special permit will be granted by the City Engineer.

8. No person or corporation shall deposit any garbage, offal, dead animals, filth, or any substance having a tendency to obstruct the flow of the sewer in any man hole, lamp hole, flush tank or sewer opening.

9. No person or corporation shall break or remove any portion of any man hole, lamp hole, flush tank, or any part of the said sewer or lateral drains; and when any person or corporation shall desire to lay or drain any pipe in any of the streets upon which said sewer or lateral drains are laid, they shall give at least 72 hours' notice to the City Engineer.

This by-law may be cited as "The Johnson Street Sewer By-Law, 1890."

Passed the Municipal Council the 3rd day of March, A.D. 1890.

Reconsidered, and finally passed the Council, this 25th day of March, 1890.

JOHN GRANT,
[L. S.] Mayor.

## PROVINCIAL PARAGRAPHS.

### News of the City and the Province Briefly Told.

—The tug Lorne will go down to the Cape to-night.

—The steamer Daisy left for Chemainus late afternoon.

—The street cars did an enormous business yesterday.

—Microbe Killer on sale at Delay's 111 Government street. *

—Novelties in ties, see our windows. Gilmore & McCandless. *

—Largest variety of boys' clothing in Victoria, Gilmore & McCandless. *

—Suits to order, large range of patterns, $25. Gilmore & McCandless. *

—A lively runaway with a caparison rig was a Wharf street incident this morning.

—The steamer Etta White left this afternoon for Hastings with a scow in tow.

—Consignees per North Pacific yesterday were J. Sehl and Nicholles & Renouf.

—Baby carriages of latest styles just received by John Weiler, 51 to 55 Fort street. *

—Nanaimo is at last waking up and talks of borrowing $50,000 for city improvements.

—Contractor T. F. Sinclair has commenced operations for the outer wharf improvements.

—On her return from the north the steamer Princess Louise will go on the ways for repairs.

—"Sincerity Walton," the most popular of all wall decorations at John Weiler's, 51 to 55 Fort street. *

—A number of lady school teachers from Tacoma are spending the Easter holidays in the city.

—A gunner of C Battery named O'Donnell deserted a few days ago and went over to Seattle.

—You should secure a lot in Fernwood. Beautiful residential property. Enquire of the leading estate agents. *

—Have you tried Kings' Dyspepsia Cure for indigestion? For sale by John Teague, jr., 57 Yates street.

—The steamer Irving will soon be ready to resume her trips up-river, her repairs being about completed.

—There was a spill of hot cross buns in Government street yesterday morning by a baker's cart breaking down.

—Nicholles & Renouf received a carload of paint and two carload of harrows and plows by last night's steamer.

—Shaving outfits, pocket and table cutlery, scissors, etc., in large variety at M. & H. Fox, 78 Government street. *

—Take your spring suits to John T Pierre to be cleaned and repaired. He makes it a specialty. 90 Yates street. *

—A large number of sportsmen were out yesterday with their fishing rods. Good catches were made at Shawnigan.

—Kings' Dyspepsia Cure is an unfailing remedy for this troublesome disease. For sale by John Teague, jr., 57 Yates street.

—Fresh Oysters delivered to all parts of the city. New England Bakery, Young Bros., Government street, Telephone Call, No. 161. *

—Chicken or garden fencing, made of laths woven in wire, at eighteen cents per yard at McLennan & McFeely's, 70 Yates street. *

—Depredations of sneak thieves are reported around town. Last night two valuable overcoats were stolen from one of the clubs.

—The life-saving jumping net, used by the Victoria fire department and described in this paper, is to be adopted in other provincial cities.

—J. C. Smith, chimney sweep, 34 Collinson street opposite St. Joseph's hospital, or orders may be left at Irving's shoe store, 90 Yates street. *

—The annual inspection of No. 1 battery B. C. B. G. A. and the New Westminster Rifles, by the Deputy Adjutant General, took place to day.

—You need a tonic in the spring. Try Calisaya Bark and Iron. See notice in another column. For sale by John Teague, jr., 57 Yates street. *

—It is understood that the Olympian visited at Tacoma this morning for half an hour, so as to leave at the same time as the City of Kingston and try speeds.

—*Aspinall's Enamel* for renovating and beautifying everything (150 colors). No house should be without it. 50 cts. per tin. Adderley, 115 Government St. *

—The newest and most fashionable stock of millinery, jackets, mantles, jerseys, etc., etc., Stevens & Jenkins, 111 Douglas street. Good dressmakers wanted. * *

—A new regulation is to shortly be introduced in the steamboat traffic on Puget Sound. Two pilots will have to be carried. In the past but one has been employed.

—The Hamilton Powder Company will shortly commence manufacturing powder, etc., at Nanaimo, the buildings for which will be located near the Northfield mines.

—Prof. and Mrs. Oliver, will, in a few weeks take a trip to Montana, for the benefit of the professors health. They only go on a visit, not for an extended stay as has been reported.

—The provincial government will soon let tenders for the erection of a handsome brick building on Court House Square, New Westminster, which will be used for government offices and court house.

—Elocution and the culture of the voice. Frederic Adderley, Professor of Elocution (prize medalist, 1882) gives lessons in the above. Amateurs coached. For terms address 115 Government St. *

—The management of the Royal City Planings Mill Company have acceded to the demands of the striking carpenters employed in their sash and door factory, and the week's work will end at 3 p. m. Saturday.

—The McKanlaw minstrels appeared at Nanaimo on Wednesday night and were hissed. McKanlaw himself appeared and said: "One show at a time." A god song out, "give us half a show and we will be satisfied."

—The first stage rehearsal of "Erminie" will take place on Monday evening in Philharmonic Hall. The date of the production is not yet decided, owing to the costumes from San Francisco not being heard from yet.

—Mr. J. C. Kerr, well and favorably known in newspaper circles, has been appointed city editor of the Vancouver *News-Advertiser*, vice R. E. Gosnell, resigned. Mr Gosnell goes into the commission business in which everyone who knows him will wish him success.

—If you want a real good shine with neatness and dispatch, go to Fred J Richards, the champion shoe black, at his new stand in Whittaker's barber shop. The best shine in the city. Open from 7 a. m. until 8 p. m.; Sundays, 7 a. m. to 12 noon. Late of San Francisco. *

### CHURCH NOTICES.

METHODIST CHURCH—Victoria West—Sunday School at 2.30 p. m.; preaching at 7 o'clock. Service conducted by Mr Calvert.

### Iron Tonic Bitters.

This combination of Calisaya Bark and Iron is an excellent tonic, stomachic and blood invigorator. It strengthens the nerves, increases muscular force, gives tone and elasticity to the nervous system, and excites the functions of the various organs. It stimulates the appetite and digestion, in fact it instills new vigor in the veins, and gives a renewed lease of life. For sale by John Teague jr., 57 Yates street.

### Thermometer at Kellogg's.

Average temperature to-day.....51½

### Residence Purchased.

Mr. T. F Sinclair, the enterprising engineer and contractor, who is building the wharf at the outer harbor, has purchased a fine home in the city, and will become a resident of Victoria for the future.

### The Mysterious Murder.

A coroner's inquest has been held on Sanbury, the victim of the Vancouver murder, but no light has been thrown on the matter as yet. This promises to be one of those mysteries which are never solved.

### What Strikes Them.

Strangers passing up Douglas street often find themselves knocked speechless struck with astonishment at the immense display and low prices of goods at Russell, McDonald & Co., Masonic building, corner of Fisgard street.

### For the North.

The steamer Princess Louise left for northern canneries yesterday afternoon with a full load of freight. Several passengers also went up including Capt. Wollacott and family to Metlakahtla, Messrs. Dracey, Dempster, Cunningham and other canners.

### Land Reclamation.

Mr. Bales of Johnson's Landing, is agitating the necessity of some scheme to dyke the low-lying lands along the Fraser in that section of the district. He says that an effort will be made shortly to have the provincial government take the matter in hand.

### Better Raise Potatoes.

Sixty dollars a ton is the market price of potatoes in Port Townsend, which shows that spuds are spuds this year. The *Leader* respectfully suggests to dealers in town lots that they plant them in potatoes and reap a double harvest next fall.

### Returned Chinese.

The steamer Parthia from the Orient on Wednesday, had 112 Chinese passengers. Thirty-six had returned certificates from Victoria, 11 from Vancouver, and two from Westminster. Of the 36 to Victoria, 14 were fraudulent, and the holders were locked up pending payment of the $50 head tax.

### Steamers Sold.

Notwithstanding all that has been said to the contrary, the statement is true that the steamers Amelia and Rainbow have been taken over from Turner, Beeton & Co. by the Canadian Pacific Navigation Company. The wharves of the former company, it is said, have also been taken over and will in future be under the management of the latter.

**The Lots offered this week by Bouchier, Croft & Mallette are in Victoria North, on the Burnside and Saanich roads.**

### Y. M. C. A.

To-morrow the usual Sunday services will be held in the Y. M. C. A. large hall. At 9:30 a.m., Bible training class; gospel service at 4 p m., address by Mr. John Calvert, and evangelistic service at 8:15 p. m., addresses by Mr. H. A. Sutherland. These services are most thoroughly appreciable and all are cordially invited.

### Theatrical.

Bill Nye came as far as Port Townsend, where he lectured, and also invested to the extent of $1000, and then turned eastward.

Mrs. Scott-Siddons will give readings in Seattle under the auspices of the Y. M. C. A., on April 29th. Mrs. Frank Leslie, the world-wide literateur, will lecture in Seattle about May 10th.

### An Opportunity.

Mr. W. A. Stevens, of Port Townsend, formerly of this city, is at present in the real estate business at the port of entry. He has with him one of the safest investments on the Sound country, which any one can participate in with either small or large capital, ensuring a large return in a short time. Mr. Stevens can be interviewed this evening only at the office of F. G. Richards, jr. *

### Slight Fire.

A defective flue caused a fire in one of the upstairs rooms of the Poodle Dog Hotel this morning. An alarm was given at the John Grant engine house, and members of No. 2 company responded without a general alarm. Engineer Rush and a Babcock fire extinguisher soon put a quietus on the small flame, and all danger of a blaze was soon over. The damage done was nominal.

### Trouble About Streets.

In consequence of the decision of the city council not to take over any streets of a width less that sixty feet, parties who claim to have plotted their properties and filed the plans with the city before the by-law against the narrow streets was passed, threaten to take legal proceedings to compel the city to take them over. They claim that no by-law can be made retroactive.

### Pacific Asphalt Co.

This company has been incorporated with a capital of $50,000 in 500 shares for the purpose of buying, selling and manufacturing asphalt for paving and other cognate purposes. The trustees for the first three months are: Messrs. John Coughlan, J. E. Crane and C. C. Morrel, the latter of Vancouver. The principal place of business is Victoria, and the time of the existence of the company is twenty years.

**Own your own home. Burnside Road. Only $275 for a lot adjacent to the Tramway. Bouchier, Croft & Mallette.**

### A Newspaper Challenge.

The Vancouver *World* is working itself into a wild worry in a vain effort to prove that its circulation is about nineteen times larger than all the other papers in the province combined. The latest freak is the publication of a direct challenge to the *News-Advertiser* to compare subscription lists for money or marbles and to the said challenge the latter paper very properly refuses to give notice, much to the jubilation of the *World*.

### Sealing Notes.

The Ocean Belle is taking on ballast and Capt. Steward is rushing the work of fitting out that the summer catch may be secured. She will probably leave next week.

The Annie C. Moore put back to an anchorage Thursday night, a heavy south west wind having been met down the straits.

The Mary Ellen was at anchor in Pedder Bay yesterday, and the Pathfinder was beating out.

### A Memory of Roycraft.

Another chapter in the Roycraft affair will be enacted in a few days. The gay runaway possessed a number of lots in New Westminster and Yale districts, and, to satisfy a claim of several hundred dollars, action has been taken in the Supreme Court by a former friend of the ex superintendent. The lands will be sold at auction on Tuesday next at Vancouver, subject to a mortgage of $500, interest on same for two years and four months and back taxes amounting to $3.02.

### The Root of the Matter.

A correspondent of a New Westminster paper says, there is no use raving about manufactories till coal becomes cheaper. The great coal supply, he says, has always been pointed to as establishing the future of British Columbia, but its benefits will never be realized while it is so high. The prices of the same kind of coal here and in New Scotia are in the ratio of 2 to 3. High coal militates against immigration, especially to cities, against tug boats, passenger steamers, manufactories, railways, in fact is at the bottom of everything.

### Coming North.

San Francisco, April 5.—The steamer Umatilla sailed this morning with the following passengers for Victoria: E. J. Eyerings, Miss Broderick, W. G. Peterson, H. F. Clinton and R. Borthwick.

### Contract for Excavation.

It is understood that the contract for the excavation of the new Canada Pacific Hotel has been secured by Mr. T. F. Sinclair, the contractor for the ocean dock. Mr. Sinclair left for the mainland last night.

### At Victoria West.

The ladies of the Church of England in Victoria West, have arranged a concert for next Thursday evening, the proceeds to be devoted to the organ fund. Considerable pains have been taken to make up a good programme for this occasion and there is every promise of a successful entertainment. Tickets are on sale at Weitt's music store.

### Booming Extraordinary.

A number of large property holders along the Burnside road are anxious for the electric railway to be extended along that road. One gentleman who pretends to know, says one large property owner has signified his willingness to give a bonus of $5000 towards such extension, and another wealthy gentleman is good for a like amount. Others are willing to give in proportion.

**$275 is very cheap for a lot in any part of the city, on the street car line. Look at those offered by Bouchier, Croft & Mallette on Burnside Road.**

### Victoria's Claim.

Seattle—We've the biggest Wash in the Union.

Jackson—And we the prettiest Miss.

Philadelphia—And we the prettiest Pa.

Hot Springs—But we are the most ancient; we have got the Ark.

Bangor—And what's the matter with Me?

Victoria—We were here 3. C.

### Steam Laundry.

A steam laundry to be operated by white people is to soon be started in the city if report be true. Hopes of this sort have been often raised, only to become disappointments, but there is strong probability of this latest one becoming materialized. If so housewives can in the near future dispense with the services of the Chinese cleshee destroyers.

### Partnership Dissolved.

The partnership existing between Messrs. Gilmore & Clark, in the business at Vancouver, has been dissolved, Mr. Clark carrying on the business in future. These two well-known merchants have been in partnership for the past ten years. They carried on business first in Nanaimo, then in Yale, and more recently in the terminal city, where they got in early on the ground floor and have made big money.

### The Library.

The librarian, Mr. McGregor, has prepared a complete catalogue of the books in the free public library, which has been printed in a complete form by Waterson. The catalogue is very conveniently arranged, the classes of the works, numbers, titles and authors' names being given in such a manner that any book in the library can be found at a glance. The list, which occupies 168 pages, will be very useful alike to the public and the librarian.

### Reckless Driving.

Two half drunken youths, whose combined ages would not exceed thirty years, were a terror to bicycle riders last evening. The boys were the occupants of a buggy, and added to the fact that their beer-fogged senses rendered straight driving almost impossible, they carried no lights. Two or three narrow escapes from a capsize or collision were noticed, but by a streak of good luck no accident occurred beyond a bad scare to a party of wheelmen who met the erratic rig.

**The best offer of Victoria property yet made, either for building purposes or speculation. Sale of lots in new subdivision Burnside Road commences Monday, 31st March, at office of Bouchier, Croft & Mallette.**

### The Next Musical Event.

Prof. Sharpe held a good rehearsal last evening for the Methodist choir concert, to be held on Friday the 11th. An orchestra of nine pieces will play among other selections Gwilym Crowe's latest waltz song, "Beautiful Rose." This is the first performance of this work in this country and should certainly be heard by all. Prof. Sharpe will play in his organ recital a grand fantasia of his own entitled "Life at Sea." This is the first concert the church choir has given and should be patronized by all who wish to further the interest of good music in this city.

### Police Notes.

Five drunks, all looking extremely sick and sorry, faced his honor this morning. Each one was fined $5, or in default a month's hard labor. The $5 was paid in all the cases.

Two cases of infraction of the health by-law was dealt with by the imposition of $5 fines.

A Chinaman was charged by the building inspector with an infraction of the building by-law, and by the sanitary officer with an infraction of the health by-law. A plea of not guilty was entered in both cases by Mr. F. G. Walker for the defense, and both were adjourned until Tuesday next.

### A Warning.

MR. EDITOR,—It is a well-known fact that the majority of people are inclined to look upon a cold in the head as a matter of little importance—involving at the most only a temporary inconvenience. No more disastrous mistake was ever made. The neglected cold in the head is the source of the catarrhal affections with which almost seven-tenths of the people of this country are afflicted, and catarrh itself is too often the preliminary stages to consumption and death. The symptoms of catarrh are manifold, but among them may be mentioned, offensive breath; dull, oppressive headache; offensive droppings from the nostrils into the throat and bronchial tubes; deafness or partial deafness; constant hawking and spitting; weak and watery eyes; a hacking cough and feeling of general debility; ringing in the ears and frequent dizziness. These are but a few of the more general symptoms, and those who experience them should lose no time in applying a remedy. Delays are proverbially dangerous, and in the case of this too prevalent disease may lead to death. We offer Nasal Balm to the public as a positive cure for cold in the head and for catarrh in all its forms and stages. Nasal Balm has been tested in thousands of cases, and the testimonials in our possession prove that it is all we claim for it. It has cured other sufferers, it will cure you. It is easy to use, pleasant and agreeable and does not require a douche, or any syringing instrument to apply it. Give it a trial and be convinced of its great efficacy. Sold by druggists or sent post free on receipt of price—50c. for small or $1 for large size bottles, by addressing Fulford & Co., Brockville, Ont. d a w

### Passenger Arrivals.

Per steamer North Pacific from Puget Sound—H Harrison, Miss Wood, C J Hopkins, W H Webster and wife, H Y Barnes, S Holman, S Griffith, J Brownell, J Smith, H F Ross, Miss Neville, A D Lamb and wife, A F McCallum, J W Curtis, W M Hunt, C Lewis, J W Allen, J Hendy, L P Lop, J W Anderson, J H May, J W Fellows, J Goodman, H W Tallant, W Dean, W Watson, F G Smith, K McLean, Geo Ramsay, A T Falloon, H B Watkins, T Stangford, J Chamberlain, Mat Baker, W Byers, H H Southough.

THE WESTSIDE,
GOVERNMENT STREET, VICTORIA, B. C.
We believe Truth is the Corner Stone
To-day of permanently profitable advertising.
Whatever statements are made must be backed up by merit.
It is useless to say we have goods at such and such a price unless we really have them.
It is no good to say they are cheap unless we are sure such is the fact.
The experience gained during a long period in the Dry Goods business, together with ample facilities, enables us to sell first-class goods as low, if not lower, than any other house (we make no exception whatever).
We are convinced that our stock for the Spring exceeds any heretofore offered, and, confident of our ability to give satisfaction, we respectfully solicit your patronage.
J. HUTCHESON & CO.

THE WESTSIDE.

CLOVES AND HOSIERY.
By Express TO-DAY we received Spring assortment of the Celebrated Alexandre Napoleon Kid Gloves, also 96 dozen of the
"WESTSIDE GLOVE."
This beautiful Maltese X glove is fully guaranteed and sold at regular price, viz: $1.25 for four and $1.50 for six-button. Mousquetaire Suede in Evening and Tan shades only, from four to sixteen button length.
Pure silk mitts and gloves in good assortment Taffeta and Lisle in great variety.
HOSIERY.
Ladies' Silk and span silk, Lisle Thread, Balbriggan, Cashmere, etc. In these goods we handle J. & R. Morley's best makes.
WOOLS
15 ounces to the lb. Berlin, Saxony and Domestic, all at 35c. per oz.

THE WESTSIDE.

SILKS AND DRESS GOODS.
Surahs, Faille Francaise and Lyons Cashmere, Merveilleux, Moire, Satin Lenze, Liberty, and Pongee Silks. A superb line of beautiful goods, extra good value.
ABOUT 300 FRENCH DRESS PATTERNS (no two alike), all shades and designs, manufactured for and entirely confined to ourselves. We believe these to be the very choicest goods that will be exhibited in Victoria this Spring—Henriettas, Cashmeres, and Cashmere des Indes, noted for fineness of finish, durability of wear, and brilliancy of dye.
CHALLIS, PERCALLES, AND CHAMBREYS,
IN GREAT VARIETY.
With colored Embroidery to match.
Mourning Materials & Crapes

Quick Relief for Headache.
Had suffered with headache and tried everything I could think of without effect until I used Burdock Blood Bitters, which relieved me right away, and I am now remarkably well. Annie Torrington, Glen Almond, Ont. *

SPENCER'S ARCADE
OPENING DAY.
The Spring Stock of Millinery, Mantles, Jackets, New Braid Violins, Tea Gowns, Dress Goods and General Dry Goods, selected by Miss Lansby and Mr. C. Spencer in Europe, is now complete, and will be shown
Tuesday, Wednesday and Thursday.
This is the largest, newest and most fashionable stock ever shown in Victoria, and ladies visiting the Arcade will be shown every attention.
D. SPENCER,
Government Street.

Our Spring Opening.
The time has come when you must think about Spring wear, and we want you to moreover these thoughts with OUR STOCK and PRICES. Our preparations for Spring business have been made on a very extensive scale with a view to offering buyers the utmost latitude of choice in styles and prices. We are now about to submit the stock, which represents our taste and judgment, to the critical test of public opinion in our Spring Opening, and hope to hear your voice in the general verdict. You will find our stock adequately representative of the best the market affords, both in materials and styles; and we guarantee our prices to be as low in every case as the quality of our goods will warrant. Price must always be considered in relation to quality, and the final test of quality is actual wear. We are confident that the test of wear will prove the actual worth of the goods we offer. Before you make your Spring Purchases we respectfully ask an examination of our goods. We shall not importune any one to buy, feeling that if our stock will not make buyers, nothing we can say will win us customs. A half hour spent in looking over our assortment of goods will give you a fair idea of the styles that will be popular in this Spring season, and we can only hope it will be as much pleasure for you to see as for us to show our goods.
Men's, Youths' and Boys' Clothing, etc.
CAMERON,
55 Johnson Street.

-: ASPINALL'S ENAMEL :-
COLORS EXQUISITE,—
—SURFACE LIKE PORCELAIN.
Highest Prize Medal, Highest Award—Paris and London.
Made in 150 shades, for beautifying all surfaces of Wicker, Wood, Metal, Earthenware, China, Glass, etc. Even an old chair, for can be made into a lovely ornament by the most inexperienced person.
I lately saw a very shabby set of bilstered painted wood bedroom furniture turned into a handsome suite of pale blue with Aspinall' Enamel.
Aspinall's Ebonized (registered) for Bicycles, is the best ever invented.
Aspinall's Bath Enamel is easily applied, and can be applied by anybody. It stands boiling water, and is made in White, Sea-de Nil, Ivory, Cream, Flesh Color and Stone.
Can be had in single pints or larger quantities from the Sole Agent for British Columbia,
